Mr. P. N. Pitcher
Giant Yellowknife Gold Mines, Limited
Yellowknife, N. W. T.

Dear Pete:

As you may note from my address, I have travelled in the opposite direction from my previous jaunts. I have been here since October 1 but hope to get back to Ottawa in time to get to Yellowknife early in December.

C. M. & S. Co. has agreed to the distribution of our report on "The Arsenic Problem at Yellowknife" to your company and to them. Two copies of both the report and the supplemental report should therefore be going out to you from Ottawa sometime this week.

Yours sincerely,

J. P. Windish,
Industrial Hygienist
