Dear Steve:

When I left your apartment I forgot my chess board, chess men and several boxes of coloured slides. Would you mind putting these in a box and mailing them to me.

Will you also please buy a quart of Dale Dairies Milk, shake it, put it into the two quart sealers I left in your office for that purpose, get the hospital to add five or ten drops of chloroform to each sealer and send them air express to Ottawa. Address it to the laboratory in care of J.L. Monkman. I do not want the two parcels combined in case the milk spills and ruins the slides.

I am enclosing a copy of a letter which I wrote to Mr. Pitcher.

Sincerely,

J.P. Windish
