Occupational Health Laboratory,
200 Kent Street, Ottawa,
May 15, 1956.

Mr. R.J.C. Tait,
Mill Superintendent,
Giant Yellowknife Gold Mines, Ltd.,
Yellowknife,
North West Territories.

Dear Bob:

Four aqueous samples of arsenic in polythene bottles
are being air expressed to you today.

We are looking forward to receiving your samples
and will be able to start their analysis shortly after
their arrival.

Sincerely,

9.

J.P. Windish
Industrial Hygienist
