Survey at Yellowknife this summer.

I believe it was agreed that I was to go to Yellowknife about July 1st. It is now time to make plane and hotel reservations, but before I do so I should like to know whether a technician will be accompanying me.

Last week Dr. Watkinson told Dr. Ball that the Commission intended asking Mr. Dowd to take the A/T 2. position in the Field Section, and Miss Desaulniers the position in Physics Section. Would you mind asking the Commission what replies they have received, so that I can make the necessary reservations. I should like to know by Friday, if possible.
