Dear Steve:

I shall be arriving in Yellowknife on Thursday December 6th to do my usual winters sampling. Will you please get me a room at the Modernaire if possible--- otherwise at the hotel.

With Christmas getting near I want to get back here as soon as possible to do some shopping and have therefore made return reservations for Saturday December 15th. This means I cannot waste any time in Yellowknife. Will you please buy for me two dozen quart sealers. Pay cash for them and get a receipt. Please do it now. Don't leave it until I get there. I want the sealers in your office not in The Bay Store.

Can you lend me parka, pants, mukluks and mitts or shall I bring them? Please wire this information so I shall have time to make other arrangements if necessary.

I was in Newfoundland from October 1st to November 23rd and have not had much time to let you know my plans. I hope you do not find me too demanding.

Kindest regards,
