Returned his call -

He was wondering what we plan to do about the fencing of cesspits - told him that it looked promising & that I would get Carter's ideas before meeting him in Toronto Sept 4 or 5<sup>th</sup>

Bever solved agreement of Comico - possibility of their method on our barren soil - would cost \$25,000 in test work - \$25,000 for info - end up with info could use.

Fencing - now that part of new product price goes up

- product improvement isn't all that great info & probably won't bring.
