

Meeting: MPR, DZ, TD, DJS
4:20 - 5:20

April 10

DZ

3 Scenarios: -

- ① Crude product @ 700,000 / annum. 3500 tons
- ② Treat on going production after Koppers 3500 tons
- ③ Better byproduct reg - 6000 tons.

Refined product. net. load 304/lb.

45 piece less 20th temp. - 5th = 304.

op. costs 54/lb. 6000 lbs. 74/lb 3500 lbs

Crude 10.8¢

Study will probably show more refinement
needed. - so start planning.

MPR - different base game if we have density
than planning is out. Confident we can
move it day.

Jeraldo - ask for money conditional -
upon satisfactory completion of test. for 149 day
reclamation.

MPR: Looking for Oct target for proposal

Enthusiasm at mine not there. Don't
have someone at mine to run -
