

Phone Call to Q/R

Week 30/81

Discussed air service shipments -
Comms will be looking for a fairly fast
acceptance of their letter - i.e. 3 months.

Means we have to get on recovery program.
Fred Matich will be in - agreement will
be available after April. \$130,000
Told him to work up a proposal for
the Directors' meeting April 14th.

In meantime Q/R requires local shipments
to preserve water capacity & to keep
oil empty before used.
