

Confidential FAX Kirkland, 2 pages - Air Quality Regulations

cc Sadek El-Alfy, Larry Connell
John Stard (by hand)- Yellowknife

Note: During my conversation with Emery on Friday, he stated that development of the draft regulation was not public knowledge. He further stated that regulations would be consistent with recent discussions and technical evaluations. He expects draft regulations to be issued for review in September. Consultation with principle interest groups would proceed at that time. Implementation would include reasonable time requirements.

Regards,

A handwritten signature in dark ink, appearing to read "Dave", with a stylized flourish extending from the end.
