

RECORD OF TELEPHONE CALL

Job Number: 53132	Job Name: Warex - As2O3		Sheet 1 of 1
Date: Nov. 17/88	Time: 3:00 pm.		
Call From: RPC / New Br.	Person: Kyo Jibiki	Company Name: Research & Prod. Council	
Call To: Toronto	Person: R. Hatch	Company Name: Fenco	
Subject: Proposed agglomeration testwork at RPC			

Conversation Highlights:

Cost Estimate for Agglomeration Testwork at RPC
- Discussed Equipment and Procedures for Testwork
Estimate

1) $3.5 \text{ hrs/test} \times \$31.00/\text{hr} \times 6 \text{ tests} = \651.00

(includes mixing & drying)

2) Screening / Retap & Particle Size Anal -
 $150 \times 6 = \$900.00$

3) Data log and reporting -
 300.00
 $\$1851.00$

Mr. Kyo Jibiki estimates that the total cost will not exceed \$2000.00. We may in fact not need the entire 6 tests and the cost would be lower.

He will do his best to have a technician available during part of my visit if possible.

Additional Action Required:

Will advise RPC re approval for testwork
