SUBJECT
OBJET

CITY OF YELLOWKNIFE - SEWAGE DISPOSAL - KAM LAKE

Further to our telephone conversation on this subject, Dr. Black/Dr. Covill on April 29th last, I discussed the relevant legislation with Dr. Gordon Butler when I met him in Yellowknife. The general consensus of opinion was that the legislation is strongest in respect of the Northern Inland Waters Act which is operated by the Department of Indian and Northern Affairs and possibly, next, under the Fisheries Act which is enforced by Environment Canada, and, finally, that under the Public Health legislation.

I have also discussed the possibility of legal intervention with the Regional Director of the Department of the Environment. He is looking into the matter of the Fisheries Act.

The Department of Environment has had their Deputy Minister write to Mr. Arthur Kruger, Deputy Minister of the Department of Indian and Northern Affairs, to bring the matter of representation to Deputy Ministerial level.

You may therefore think that perhaps the maximum impact which the Department of National Health and Welfare could make at the moment would be to make its representations to the Department of Indian and Northern Affairs in support of those already in support of the representation already made by the Department of Environment Canada.

F. J. Covill

F. J. Covill, M.B., B.S., M.F.C.M., D.P.H.
