REÇU

Mr. Marc Lalonde  
Minister,  
National Health and Welfare  
Ottawa, Ont.

June 2, 1975

Sir:

We respectfully request a grant of \$20,000. to aid us in our continuing study of the arsenic problem in the Yellowknife area.

We draw to your attention the following facts:

1. We represent over 500 mine employees and their families in the Yellowknife area.
2. We are, and have been, deeply concerned with the health of all the mine employees, including those on staff and all families affected.
3. As high tax paying members of Canada we strongly feel that we are justifiably entitled to such a grant.

A favourable reply is awaited.

Yours very truly,

*Marsh F. Hawes*
