DATE

April 2, 1975

SUBJECT
OBJETBerger Commission Hearings

In response to your request for advance copies of information from these hearings, I have the attached memorandum from the Assistant Zone Director, Mackenzie.

Could you please advise as to the detail of your requirements.

Maybe we should have someone scan the proceedings daily in June and purchase those of health significance, or it may even be less expensive to put in an automatic order on your behalf with All West Reporting to forward copies of all health related topics directly to your office.

It seems there is adequate time to make whatever arrangements you consider suitable.

BERGER COMMISSION HEARINGS

The Berger Commission has to date been discussing the technical aspects only and expect to be covering line construction in May.

The Social and Economic aspects, which I assume we would be interested in, will be covered approximately in June. If my assumption is incorrect please advise because copies of all proceedings can be obtained for 50¢ per sheet from:
