

OFFICE OF
THE MINISTER OF NATIONAL HEALTH AND WELFARE
AND
MINISTER RESPONSIBLE FOR THE STATUS OF WOMEN

CABINET DU MINISTRE DE LA
SANTÉ NATIONALE ET DU BIEN-ÊTRE SOCIAL
ET
MINISTRE CHARGÉ DE LA SITUATION DE LA FEMME

OTTAWA, K1A 0K9

File No.: 850-5-X751 (D29)

Mr. Wayne Bannick,
Chairman, Safety Committee,
United Steelworkers of America,
Local 802,
Box 327,
YELLOWKNIFE, N.W.T.

JAN 8 1976

Dear Mr. Bannick:

May I refer to your letter of October 20, 1975 requesting arsenic findings in urine samples from Yellowknife. We are enclosing the data requested with names deleted.

I would suggest that you take careful note of the appended material expressing reservations about the interpretation of results. Also, we have been advised that the present study did not attempt to follow up the 1971 work. Finally, the chemical methods used differ between the two studies, and as a result, precise data comparisons between subjects cannot be made.

Despite these limitations, we hope this information will provide some of the answers to the questions you have posed.

Yours truly,
