Mr. A. K. Muir,  
General Manager,  
Giant Yellowknife Mine,  
Yellowknife, N.W.T.

Dear Mr. Muir:

Thanks for sending copies of your letters of 8th July to Mr. Gibson. May I also express my appreciation for your cooperation on the occasion of my visit to the area.

I had the pleasure of a conversation with Mr. Bonnenfant on ~~the~~ plane going out to Edmonton and was most interested in the information which he gave me on compressibility of arsenic trioxide.

With renewed thanks, I am,

Yours very truly,

Kingsley Kay,  
Chief,  
Industrial Health Laboratory.
