Mr. R. A. Gibson,
Deputy Commissioner, Northwest Territories,
Ottawa, Ontario.

Dear Mr. Gibson,

Replying to your letter of January 6th. I have noted the contents, and shall try to carry them out, as far as they refer to me. At present several routine urine specimens are being analysed for arsenic. These analysis have been done so far by the Provincial Analyst in Edmonton, Alberta without cost. However there are certain shipping charges and could you tell me to what department these accounts should be sent?

Yours very truly,

(signed) B. Mirrick
