Mr. P. N. Pitcher
Mine Superintendent
Giant Yellowknife Gold Mines Ltd.
Yellowknife, P. O.

Dear Mr. Pitcher:

The second set of samples of water and vegetation arrived Aug. 3rd, which did not allow sufficient time to process all of them so I am holding them until I return on the 14th. I trust this is satisfactory.

The results for the first group of vegetations are as follows:

<u>Sample</u>	<u>Arsenic parts per million</u>
3 - 1	48
3 - 2	32
3 - 3	76
3 - 4	145
3 - 5	61
3 - 6	112
3 - 7	34

3 - 8 will also be reported after I get back.

Yours very truly,

J. L. Monkman
Chemist
