Chapman Camp, B. C.

Dear Mr. Raht:

Thank you for your letter of July 6th
with the outline of the method used.

For my information, I would like to try
some further samples of water as previously supplied,
if you can arrange for them.

Concentrations of samples does not seem
necessary with the water I am running at present. I
would appreciate receiving such samples at your con-
venience.

Yours sincerely,

J. L. Monkman
