200 Kent St.,
Ottawa, Ontario,
July 18, 1950.

Mr. Kurt Raht,
Consolidated Mining and Smelting
Company of Canada, Ltd.,
Chapman Camp, B.C.

Dear Mr. Raht:

Thank you for sending me a copy of your memorandum of 3rd July, 1950. I think it only proper that there be added to your memorandum a statement to the effect "Dr. Kay pointed out that for sure containment he recommends storage under cover in tanks and that this is the recommendation which the Department has consistently made since this problem arose. "

Yours very truly,

Kingsley Kay,
Chief,
Industrial Health Laboratory.
