

May 20, 1950

Mr. R.A. Gibson,
Deputy Commissioner, N.W.T.,
Ottawa.

Dear Mr. Gibson:

I have received the following report from
Mr. J.A. Kelso, Provincial Analyst, Edmonton, Alberta.

Specimen: Urine Arsenic, in mgms per litre.

C. Forward	0.01
F. Laplante	0.016
J. Penston	0.02

?
Mr. Penston has lived for over a year at
Giant Mine bunk-house. He was in hospital moderately
ill with fever of unknown origin.

Mr. Penston lives in the old Townsite.

Mr. Laplante lived at Con for several years
and was in hospital with a serious arsenical dermatitis.

I consider all these results are within normal
limits. Kindly forward the enclosed copy to Dr. Charron.

Yours truly,

O.L. Stanton, M.D.
