Dear Dr. Charron:-

For your information I am enclosing a copy of a letter received from Dr. O. L. Stanton at Yellowknife, as well as a copy of the map referred to in Mr. Muir's letter dated June 14th.

I have written Mr. Muir advising that officials of your department will be visiting Yellowknife on June 29th. to review the Continuing Survey and ascertain the feasibility of disposing of arsenic trioxide by burying in a sand plain west of the airport.

Yours very truly,
