200 Kent Street,
Ottawa, Ontario.

July 15th, 1954.

Dr. C. V. Marshall,
Chemical Laboratory,
Department of Agriculture,
79 Sussex Street,
Ottawa, Ontario.

Dear Dr. Marshall:

On behalf of Dr. Kay and myself, I would like once more to express my thanks for your assistance with the preparation of the vegetation samples.

Having no grinding apparatus of our own, we are always greatly handicapped when analytical results on such material are required in a hurry. Your assistance has enabled us to complete the analysis with a minimum of delay.

Yours very truly,

J. L. Monkman.
