February 11, 1953.

Dr. Kingsley Kay,  
Chief, Industrial Hygiene Laboratories,  
Dept. of Health & Welfare,  
200 Kent St.,  
Ottawa, Ont.

Dear Dr. Kay:

With reference to your phone call this afternoon, I think, since the matter involves a question of policy, the best approach will be for you to drop a line to Mr. Jewitt, our Assistant General Manager, outlining your suggestion of acknowledging our Company's part in the work and also the suggestion of co-authorship. You can be sure that Mr. Jewitt will give your proposals sympathetic consideration. Address Mr. Jewitt: W. G. Jewitt, Assistant General Manager, The C. M. & S. Co. of Canada Ltd., Trail, B. C.

Sincerely,

K. Raht
