Dear Sir:

Re: Continuing Arsenic Survey

I have been advised by Dr. Kingsley Kay that  
Mr. J. Windish expects to arrive in Yellowknife approximately  
December 3, 1952 to procure samples for arsenic analysis.

Any assistance you may be able to provide for  
Mr. Windish would be greatly appreciated.

Yours very truly,

C. K. LeCapelain,  
Chief, Lands Division.
