Dear Mr. Jewitt:

The cooperation extended in your letter of 19th February respecting the report on our Yellowknife survey is very much appreciated. Mr. Raht has, of course, been most helpful to the Department and fully deserved recognition in our report.

Unfortunately, before your letter arrived, some concern was felt in the Department with regard to reporting the findings before the professional group at Los Angeles so we cancelled the paper. A report will be issued at a later date, and I will send you a draft before publication in the scientific literature be undertaken.

Yours sincerely,

Kingsley Kay,
Chief,
Occupational Health Laboratory.
