THE CONSOLIDATED MINING AND SMELTING COMPANY OF CANADA LIMITED

KIMBERLEY, B. C.,
June 7th, 1954.

Dr. Kingsley Kay,
Chief Industrial Hygiene
Laboratories,
Dept. of Health & Welfare,
200 Kent Street,
OTTAWA, ONTARIO.

Dear Dr. Kay:

Sometime ago I suggested that because of the difficulty and hazard involved in obtaining water specimens from the various lakes during the winter season, sampling be confined to the open period. Will you please advise if you will be content with this.

Yours truly,

K. Raht,
SENIOR RESEARCH ENGINEER.
