Attention: Mr. Kent Morton

Dear Mr. Morton:

Re: Pall Corp. Letter of Non-Disclosure

I have reviewed the letter form of mutual non-disclosure agreement as requested by Ken Blower in his letter of January 30, 1989.

The letter is a mutual agreement which obligates both Pall Corp. and Giant Yellowknife Mines to keep confidential any information received from each other. In order for any such information to be classified as confidential there must be a designation by the party disclosing the information. It further provides that just because one party passes along certain information that does not automatically also transfer any patent or proprietary rights.

The letter form of agreement to my mind provides mutual safeguards for both parties and I do not think it favours either party as against the other. As such I see no problems with signing it. If you have any questions please do not hesitate to contact me.

Yours very truly,

John Z. Vertes
