**subject:** Quotation for Standard Gases, Cylinders and Regulators

**pages:** two

---

Hi Cathy,

As per our phone conversation this morning, I would like you to provide a quotation on Sulphur Dioxide Primary Standard Gases, UHP nitrogen, gas cylinders and suitable regulators for the above.

We have been quoted on the materials we need before, as per the attached fax from Praxair. Please quote again on all the items listed in this earlier quotation. Initially, we require only one cylinder of each gas. We would prefer to lease the cylinders on an annual basis and would purchase one Series 402 regulator and two of the Series 432 regulators. Please provide an indication of delivery times.

Thank you.

Sincerely,

Stephen Schultz  
Environmental Superintendent
