March 9, 1973.

Environmental Protection Service,
P.O. Box 2310,
YELLOWKNIFE, N.W.T.
XOE 1HO.

Attention: Mr. H. Chambers,
Project Engineer.

Dear Mr. Chambers:

Further to your visit of March 6th and follow-up letter, permission is granted for you to install a monitoring device on the roof of Bunkhouse No. 8. This will confirm that we accept no liability whatsoever for your employees and your equipment. Please acknowledge your acceptance of this condition by signing and returning one copy of this letter.

As many of our men are on night shift we would ask that the service calls be made sometime during the afternoons as they normally sleep until noon.

Yours very truly,

GIANT YELLOWKNIFE MINES LIMITED.

Acknowledged and Accepted by

H. Chambers

D. J. Emery,
Mine Manager.
