

May 8, 1974.

Mr. C. A. Lewis,
District Manager,
Environment Canada,
P.O. Box 2310,
YELLOWKNIFE, N.W.T.
XOE 1H3.

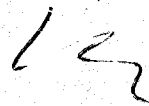

Dear Mr. Lewis:

Thank you for your letter of April 30th, with enclosures on stack sampling. I will delay making any comments until our Mill Superintendent, Mr. H. E. Pawson, and our Consultant Metallurgist, Mr. J. M. Mortimer have had an opportunity to study the material.

With regard to the new sampling mechanism you wish to install, I would like to know if it requires any special piping and whether there is a noise factor that may interfere with the sleeping of those in the bunkhouse.

Sincerely yours,

GIANT YELLOWKNIFE MINES LIMITED.

D. J. Emery,
Mine Manager.
