Attention Mr Pat Raleigh

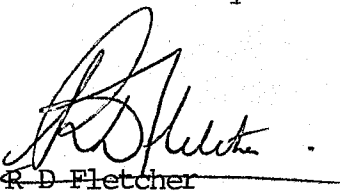

Dear Pat

re: RAND MINES BARBROOK PROJECT
ARSENIC TRIOXIDE TREATMENT

Further to my telex dated 17 December 1984, I enclose herewith a copy of a letter received from Rand Mines Ltd, which is self explanatory.

Because the letter mentions both Koppers and Allied Research we have not copied the letter to either, and would ask you if you could please discuss Clients request with these two companies on our behalf.

Yours sincerely

R.D. Fletcher
