

FALCONBRIDGE NICKEL MINES LIMITED

INTER-OFFICE MEMORANDUM

DATE:

August 2, 1978

TO:

W.A. Moor

COPIES TO:

D.J. Emory, L.S. Price

FROM:

P.J. Raleigh

SUBJECT:

ARSENIC HANDLING PROPOSAL

The Sprout-Waldron equipment list and schematic drawings which were received from John Hite during our visit to Hay River have been duplicated and I am enclosing 2 copies for your information and use.

Sprout-Waldron are out for quotes on the tanks (3) from Dominion Bridge, and Cesco in Edmonton. They are not doing any additional work at this time. If you have any other suggestions on tank supply we will pass this on for action.
