

Phone Call. to G. A. Adtman

Oct. 16/78

Has talked to Dan Billing. The Keene siding is at Enterprise - is 20 acres.

Due to abandonment of pipeline - Surt has allowed them not to do further improvements. + leave it as good till Sept. 1, 1980.

Surt recognizes their cost, no rail siding.

Noted by Billing, that CMT is looking to lease a portion of the grounds. May be possibility for a deal.

Also Billing states that siding site is unsuitable from Surt, on Uail Island (ie in Hay River) if Keene deal not possible.
