Dear Paula:

Were you able to put a package together for me on WAROX and if so when is expected to be delivered? If you have not sent it out yet, make sure you include my phone number and also the contact numbers of my Accountant: Griselda Brombley, 56 2 223-1970/cell: 093253544. This is just a precaution in case I am up at El Indio when the package is ready for delivery.

Did you ever receive anything back from Barrick as far as authorization? If yes, please pass it on as soon as you can.

Talk to you soon. Thank you for your help - there is a lot of it required to get me off and running!

Serena
