YOUR FILE - V/RÉFÉRENCE

DATE

February 12, 1975

Dr. Patterson of the Public Service Health Unit, Branch Headquarters, has, with the consent of Mr. Sinclair, Director General, Program Development, consented to act as Branch Headquarters Consultant in arsenic contamination.

In this role, Dr. Patterson will carry out the following functions:

- (a) Keep informed regarding the details of the program carried out in N.W.T. Region by receiving and reviewing all information on this program provided to the Director General, Program Management.
- (b) Keep fully informed of problems relating to arsenic contamination elsewhere by reviewing the literature and maintaining contact with experts in this field.
- (c) Advise Director General, Program Management of any developing problems in arsenic contamination in other Regions or locations in Canada.

Briefly, Dr. Patterson is identified as the individual in Branch Headquarters who will keep fully informed of activities in the Branch relating to arsenic contamination and of developments elsewhere. Dr. Patterson is also prepared to provide assistance and advice to you in the conduct of your program, at your request. All correspondence from your Region, relating to the Arsenic Program, should continue to be directed to this office. Thank you for your co-operation.
