FOLD

SUBJECT
Sujet

I have your memo of January 27, 1975, in which you outline arrangements made by your Branch for a program concerning Arsenic in Yellowknife. I can assure you that we fully recognize your Branch should properly take the lead role in this program, and that officers of Health Protection Branch will become involved with this matter only at your request, as expert advisers. If we can be of assistance to your Branch, especially in the areas of epidemiology or analysis, please let me know.
