With reference to the above hearings presently being held in Yellowknife, I wonder whether it would be possible for one of your staff to forward to Branch Headquarters brief summaries of any material which has a significant health connotation?

We will undoubtedly receive fuller details of the hearings but at a much later date. At the present time, the only information we receive is from the news media. If your staff in Yellowknife have access to any extracts or summaries perhaps they could be asked to provide such information. Thank you for your assistance in this matter.
