OBJET

KAM LAKE - USE AS SEWAGE TREATMENT LAGOON

Attached is a copy of a review of the proposal of the City of Yellowknife to dump untreated sewage into Kam Lake (utilize Kam Lake as a sewage treatment lagoon).

This office was instrumental in raising objections to this project when it came to our attention and I believe was indirectly associated some years ago with the tentative approval of the same project.

However, in the interim ideas - and available legislation - have changed, making the proposal unacceptable on both public health and legal grounds.
