September 4, 1969.

Mr. John A. MacDonald,
Deputy Minister,
Department of Indian Affairs and Northern Development,
Ottawa 4, Ontario.

Dear Mr. MacDonald:

Further to our letter of December 27, 1968 in reply to yours of December 4, 1968 concerning our failure to sample regularly the water in Yellowknife Bay for arsenic pollution, we understand this is now being carried out periodically at specified intervals and locations and that reports are circulated routinely to your Chief Mining Inspector, your Mine Safety Inspector, and the Mine Manager, Giant Yellowknife Mines Limited.

A report on the survey analysis of the demonstrable effects of arsenic on the health of this community is anticipated in the near future.

Yours sincerely,

Original Signed
H. APPROXTER

Deputy Minister of National Health.
