Dear Dr. de Villiers:

Re: Arsenic Survey - Yellowknife

I regret being such a nuisance, but I would be very grateful if you could give me some indication as to when we may expect a final report on the above survey.

It is now three years since this survey was carried out and we are being asked repeatedly by the Mayor of Yellowknife and by Members of Council for details as to the findings of the survey team.

Your co-operation in this matter would be appreciated.

Yours sincerely,
