Attention: Mr. Rob Anderson

Dear Sir:

Subject: Arsenic Silo Parts

On behalf of Stanco Projects Ltd., we offer the following parts pricing. Since we are not sure of quantities required, we are quoting FOB point of manufacturing (Parsons, Kansas).

Deck Sheet (Std.)	\$ 533.	each 18/silo	(9594)
Deck Sheet with Manhole Cutout	\$ 589.	each	
Upper Ring Panel	\$ 342.	each 18/silo	(6156)
Pressure/Vacuum Relief Manway	\$ 892.	each	

All prices include nuts, bolts, washers and gaskets. All parts are as originally supplied including coating. Prices are FOB Parsons with taxes extra if applicable. Terms of payment are net 30 days after shipping. Prices are in Canadian Funds with duty included.

\$16056
Instal 2000
15000

It is possible that a Stanco crew will be in Yellowknife in September or October on another project and could install these parts if desired. Cost of installation would be billed on an hourly rate of \$30. plus expenses. If your order could be shipped with our other equipment then we could possibly save on freight costs.

Please advise what parts you actually require and if installation is required, then we will try to provide you with more exact costs.

Yours very truly

Brian Clarke
