1. FURTHER OUR TELECON YESTERDAY ON COST OF STEEL DRUMS (DLRS 41.53/DRUM) FROM CON. AS INDICATED TO YOU WE WILL NOT KNOW UNTIL MID-MARCH WHETHER FINAL DESTINATION IS U.K. OR NORTH CAROLINA, U.S.A.
2. GENERAL OPINION HERE IS THAT GIANT SHOULD PAY FOR COST OF DRUMS DESPITE ESTIMATED COST OF ABOUT CDN DLRS 25,000. CONSEQUENTLY RECOMMEND YOU HAVE AS203 TRANSPORTATION SPECIFICATION. THE ONLY WESTERN CANADIAN DRUM MANUFACTURER I CAN FIND IS RHEEN CANADA LOCATED IN EDMONTON, PHONE 467-8801.
3. I HAVE NO IDEA OF THE SPEC REQUIRED BUT IN CONTACTING A LOCAL SUPPLIER I WAS GIVEN A PRICE OF DLRS 27/DRUM FOR 18 GAUGE 46 GALLON STEEL UNLINED DRUM WITH RING CLOSURE WHICH WOULD COST DLRS 10/BARREL TO SHIP TO EDMONTON. THIS SUGGESTS THE DLRS 41.53 CON PRICE IS COST ONLY. HOWEVER, A CHECK OF POTENTIAL EDMONTON SUPPLIERS WOULD CONFIRM THIS.
4. DON MARION ADVISES HE IS IN REGULAR CONTACT WITH WAYNE PETTY OF TRINAC REGARDING SHIPMENTS FROM GIANT AND HIS OBJECTIVE IS TO HAVE THE GIANT SILO FULLY UNLOADED BY LATE MARCH.

Cost can supply!

Fr. By Byrne.
