Comments: WE KNEW THE SILO HAS TO BE EMPTY, THEREFORE, IT IS BEYOND MY START

IMAGINATION WHILE THE AIR CANNONS AS THE MOST IMPORTANT THING ARE NOT IN WORKING

ORDER. THE STEADY POUNDING WITH A GRINDING HAMMER AGAINST THE OUTER WALL OF THE CONE

WILL SOON BREACH THE METAL. I BELIEVE IT ALREADY IS. EACH HIT BRINGS DOWN A ~~RAIN~~ SHOWER OF ARSENIC. IT IS, ON THE OTHER
HAND, VERY UNSAFE TO STAND ON LADDERS ETC. ETC. IN ORDER TO GET AS HIGH UP AS POSSIBLE. ALSO, THERE IS NO LIGHTING. BOTH, (-OVER-)
PLEASE

THE DRIVER AND I HAVE A VERY BAD AS-DASH. THE WHOLE SURROUNDINGS ARE PREGNANT WITH AS.
THERE IS NO ESCAPE AND NO WAY TO GET RID OF THE ARSENIC ON YOUR BODY. I BELIEVE, FOR THE FUTURE WE
SHOULD KEEP THE WHOLE OPERATION WELL MAINTAINED AND AS CLEAN AS POSSIBLE "ALL THE TIMES".

AS. IS THAT RIGHT OR ONLY A JOKE. SOMEBODY TOLD ME, ARSENIC IS A VERY STRONG "POISONOUS" POISON.
PERHAPS IT WAS MR. O'HARA.....
