ITEM	QUANTITY	UNIT	FURNISH THE FOLLOWING MATERIAL SUBJECT TO CONDITIONS ON BACK	TAX	PRICE
			<p>To cover the cost of the engineering design and drawings in connection with the 3800 cu. ft. storage silo, and truck loading facility for transporting arsenic trioxide dust from the baghouse at Giant to the silo, from thence to the vehicles. The facility will be designed in such a way that it will be environmentally safe to operate and not injurious to the health of the operators.</p> <p>As soon as the ground loading conditions for the main storage silo are determined this information will be conveyed to the customer in order that the footings or foundations can be designed by our Engineering Dept.</p>
