Attention: R. H. Plante
Industrial Development Officer

Dear Mr. Plante:

Re: Rental of Siding CNSA 2049 Near, Enterprise, N.W.T.

Thank you for your early response to our enquiry.

Please be assured that Giant Mines will make the necessary arrangements with G.N.W.T. for use of the land in question. We have advised the appropriate authorities of our intentions and are now awaiting their reply.

We have considered your proposal for a rental agreement to be effective February 1, 1988, which would ensure continued existence of the siding. Since our decision as to whether to proceed or whether to abandon the project is contingent upon results of present testing, we suggest that preliminary test results should be available before concluding the rental agreement. These results will not be available until late February and we recommend March 1, 1988 as the effective date for the rental agreement.

Yours truly,

GIANT YELLOWKNIFE MINES LIMITED

K. Morton,
Technical Project
Supervisor.
