ARSENIC STOPE BULKHEADS INSPECTION RECORD

No.	Designation	Most recent Inspection Date ** Seen only	COMMENTS
1	B230 - bottom		No Access - Access not required if B208 stope is sealed which is not yet confirmed
2	B230 - top		No Access - Surface raise needs to be located
3	B233 - bottom		No Access - Access not required if B208 stope is sealed which is not yet confirmed
4	B233 - top	July 3 /96 **	Low oxygen levels near bulkhead
5	B234 - bottom		No Access - Access not required if B208 stope is sealed which is not yet confirmed
6	B234 - top	July 3 /96 **	Covered in muck and debris
7	B235 - bottom	Aug 7 /96	Good condition
8	B235 - top	July 3 /96	Good condition
9	B236 - top	July 3 /96 **	Covered with tarp and muck
10	B208 - bottom #1		No access - Located in a raise which is in the back of B3-06 stope
11	B208 - bottom #2		No access - Located in a raise which is in the back of B3-06 stope
12	B208 - bottom #3		No access - Located in a raise which is in the back of B3-06 stope
13	B208 - Bottom #4	Aug 7 / 96	Heavy arsenic staining. Minor concrete deterioration
14	B208 - bottom #5	Aug 7 /96	Heavy arsenic staining. Minor concrete deterioration
15	B208 - bottom #6	Aug 7 /96	Heavy arsenic staining - 10,000ppm As in water pond in front of bulkhead
16	B208 - top #1		No access - On southern side of B1 Pit
17	B208 - Top #1	July 3 /96	Inspection Hatch Loose
18	#1 B1 Pit		Access not required
19	#2 B1 Pit		Access not required
20	#3 B1 Pit		Access not required
21	#4 B1 Pit		Access not required
22	#5 B1 pit		Access not required
23	#6 B1 Pit		Access not required
24	#7 B1 Pit	Aug 7 /96	Timber forms still in place - Inspection not required
25	#8 B1 Pit		Access not required
26	#9 B1 Pit	July 3 /96	Timber forms still in place - Inspection not required
27	B208 Top #2		Access not required
28	B2-08 A.D. #1		Gone - Mined by B1 pit
29	B2-08 A.D. #2		Gone - mined by B1 Pit
30	B2-08 A.D. #3		Gone - mined by B1 Pit
31	B2-08 A.D. #4	July 3 / 96	Good Condition - Inspection not required
32	B212 - bottom #1	June 26 /96	Good Condition
33	B212 - bottom #2		No Access found
34	B212 - bottom #3		Possible Access from 1-18 decline - needs to be checked
35	B212 - bottom #4		No Access found
36	B212 - bottom #5		No Access Found
37	B212 #6	Aug 7 /96	Timber forms still in place
38	B212 #7	Aug 7 /96 **	Pond of water on top of bulkhead
39	B212 #8	Aug 7 /96	Timber forms still in place
40	B212 #9	Aug 7 / 96	Timber forms still in place
41	B212 #10		No Access - On other side B1 pit - Access not required
42	B212 - top #1	Aug 7 /96	Timber forms still in place
43	B212 - top #2	Aug 7 /96	Good condition - Inspection not required
44	B212 - top #3	Aug 7 /96	Good condition
45	B212 - top #4	Aug 7 /96	Good condition
46	B212 - top #5	Aug 7 /96	Good condition
47	C212 - bottom #1		Possible Access Through 3-11 Doghole S/R - Needs to be checked
48	C212 - bottom #2		No Access - Located in raise which is in the back of C3-11 stope
49	C212 - bottom #3		No Access - Located in raise which is in the back of C3-12 stope
50	C212 - bottom #4	June 28 /96	Water trickling - 38,00 ppm As. Some concrete deterioration
51	C212 - bottom #5	June 28 /96	Timber forms still in place. Hematic staining in back. Small ground fall in front
52	C212 - top #1	June 28 /96	Good condition
53	C212 - top #2		No Access due to ice buildup in C2-12 AD raise
54	C212 - top #3		No Access due to ice buildup in c2-12 AD raise (reports of O2 deficiency)
55	C212 - top #4	June 28 /96	Good condition
56	#9 - bottom		No Access - Access not required -In behind Bulkhead #58
57	#9 - top		No Access due to ice buildup in C2-12 AD raise
58	#10 - bottom	June 28 /96	Timber forms still in place. Area very damp
59	#10 - top #1		No Access - Access not required -In behind #62 and #69 Bulkheads
60	#10 - top #2		No Access - Access not required -In behind #62 and #69 Bulkheads
61	#10 - top #3		No Access - Access not required -In behind #62 and #69 Bulkheads
62	#10 - top #4	June 28 /96	Good Condition
63	#11 - bottom	July 3 /96	Good Condition
64	#11 - top	July 3 /96	Good condition
65	#12 - bottom	July 3 /96**	Sump in front of bulkhead. Signs of staining on bulkhead
66	#12 - top	June 4 /96	Good Condition
67	#14 - bottom	June 4 / 96	Good Condition
68	#14 - top	June 4 / 96	Good Condition
69	#10 - top #5		No Access due to ice in C2-12 AD Raise

Requires Inspection
