**Subject:** AFE for Approval - Storage of Arsenic Trioxide U/G at Giant

---

Please find attached an AFE for C\$17,550 for your approval to cover having a selected knowledgeable consultant prepare a summary report on the physical, chemical, ecological and toxicological properties of arsenic trioxide. This report will be incorporated into the ongoing study of the closure of the U/G storage vaults of arsenic trioxide at the Giant Mine. This money was included in the 1995 capital budget for the Giant mine under environmental work.
