CONSULTING ENGINEERS AND SPECIALISTS AT STEEL PICKLING
STEEL PROCESSING, CHEMICAL PROCESSES AND POLLUTION CONTROL

January 11, 1978

Giant Yellowknife Mines Limited
Yellowknife, Northwest Territories
CANADA X0E 1H0

Attention: Mr. W.A. Moore
Mine Manager

Dear Mr. Moore:

Subject: Proposed Study of Arsenic Waste
Dept. Supply & Services Contract
No. 04SS KE204-7-EP113
Our Job No. 175-77

Thank you for your letter dated December 14, 1977 regarding the above and we note the contents of your letter accordingly.

We appreciate your concern about not knowing about this project and we note that Mr. Cohen has sent a memo as a result of your letter to the man responsible for the communication which you referred to in your letter.

Under the circumstances we are very glad that we did not land on your door step at Yellowknife and we wish to assure you that we want to establish your full support. Therefore, we will do nothing until the project is approved by your Company. In the meantime, we sincerely hope that this matter can be resolved and propose you can send us samples of arsenic waste say 5 to 10 lbs. so we can do some solidification tests on them in our laboratory and report to you accordingly.

Yours truly,

D. Krofchak, P. Eng.
President
